Duro-Shine

ITEM# 21667 (6 gal), 21670 (55 gal)

Duro-Shine™

POLYMER METAL INTERLOCK FINISH & SEALER WITH 18% SOLIDS

Gives floors a brilliant high gloss shine. Duro-Shine is a remarkably durable floor finish with an exceptional high gloss that, when applied properly, will produce a deep wet look gloss with minimal maintenance. Because Duro-Shine is resin-free and only contains High Tech Polymers, it won't yellow even in your high traffic and trouble areas. Duro-Shine responds well to high speed buffing and burnishing. Properly maintained floors can last multiple years between complete stripping.

FEATURES

- Super durable wet look finish*
- Easily maintains "wet look" with regular buffing & restoring*
- Dries in as little as 20 minutes*
- Few coats gets the job done*
- Is compatible with FFCI's other floor care products*
