FFC Concentrate™

MULTI-PURPOSE STRIPPING NEUTRALIZER & CLEANER

FFC Concentrate is the perfect blend of cleaning surfactants, wetting and chelating agents, peptizing ingredients, and optical brighteners to get floors their cleanest.

FFC Concentrate's detergents provide maximum cleaning power without damaging the floor. Special wetting and chelating agents penetrate deep into the surface's tiniest pores to pull dirt and debris to the surface for easier removal. Peptizing agents prevent soils from redepositing back onto the newly cleaned surface. And finally, FFC Concentrate's optical brighteners provide the deepest, glossiest shine. The result, beautifully cleaned floors with a pleasant lemon scent.

FFC Concentrate's non-alkali/non-acid formula will not harm floor finishes and can be used on walls, lockers, glass and more.

FEATURES

- High dilutions*
- USPS approved*
- Pleasant fragrance*
- Biodegradable and ecologically safe*
- No ammonia & non alkali/acid*
- Fast & effective*
- No rinsing required*
- Less than 5 cents per gallon when diluted*
- Versatile enough to use as an all-purpose cleaner*

USES

- Asbestos Tile
- Asphalt Plank
- Slate
- Ceramic Tile
- Terrazzo
- Composite Floors
- Marble
- Stone
- Rubber
- Vinyl Tile

PROPERTIES

- Color **Clear Yellow**
- Fragrance **Lemon**
- Weight **8.38 lb./gal.**
- Flash Point **None**
- pH of Concentrate **6-8**
- Dilution **1 oz. per 1 gal.**
- pH of Working Solution **6-8**
- Solubility in Water **Complete**
